

Reading in the USA based on Miley Cyrus' "Party in the USA"

Lyrics by Jeff Wallowitz

Sung by Connor Wallowitz

I read everyday with all my friends

It's a dream that never ends

Welcome to my life of book success

What will I read next?

Feeling kinda drab

Took a walk for a long time

Looked to my right and I see a free book sign

This is all so crazy

Every book seems so famous

My tummy's turning and it's time to make a book pick

Too much pressure and I'm nervous

That's when the book man turned on the radio

And an audio book was on

And an audio book was on

And an audio book was on

So I put my books up

I'll never go wrong

All the bookworms start to sway

I'm reading my book like yeah

The pages all flip like yeah

I got my books up

I'll never go wrong

I know I'm gonna be OK

Yeah, I'm reading in the USA

Yeah, I'm reading in the USA

Go to book club with my BFF

Everybody's reading with me now

Like what a trick, it's a top 10 pick

It's nutmeg book, like wow!

So fun with my buds all around me

It's definitely hot like a party

I can see that you're still home

I guess you never got the memo

My tummy's turning and it's time to make a book pick

Too much pressure and I'm nervous

That's when the book man read my favorite book

And it read just like a song

And it read just like a song

And it read just like a song

So I put my books up

I'll never go wrong

All the bookworms start to sway

I'm reading my book like yeah

The pages all flip like yeah

I got my books up

I'll never go wrong

I know I'm gonna be OK

Yeah, I'm reading in the USA

Yeah, I'm reading in the USA

Feel like reading through the night

Back in my bedroom tonight

Try and stop me, you will find

Reading's like a song and I feel all right

So I got my books up

I'll never go wrong

I know I'm gonna be OK

I'm readin my books like yeah

The pages all flip like yeah

I got my books up

I'll never go wrong

I know I'm gonna be OK

Yeah, I'm reading in the USA

Yeah, I'm reading in the USA

So I got my books up

I'll never go wrong

I know I'm gonna be OK

I'm readin my books like yeah

The pages all flip like yeah

I got my books up

I'll never go wrong

I know I'm gonna be OK

Yeah, I'm reading in the USA

Yeah, I'm reading in the USA
